

When you were growing up, was there someone in your life—who encouraged you and showed you the ropes? That person was a mentor to you.

You can “pass it on” to the next generation by volunteering in the LINKS Mentoring Program.

It doesn’t take special skills—just a willingness to listen, offer encouragement, and share what you’ve learned about life.

We offer staff-facilitated activities in a friendly, structured group environment.

Mentoring

**SHARE WHAT YOU KNOW.  
BECOME A MENTOR!**
